## Canal Point Baptist Pastor Resigns To Do Sunday School Work In Florida

Rev. Clifford J. Smyly, pastor of Canal Point Baptist Church resigned Sunday night, April 5, effective May 1, that he might assume his new duties as Associate to the Sunday School Secretary of Florida Baptist Convention. Mr. Smyly has served as pastor of the local church for three years, having come here in June 1950. He is a native of Mississippi. He served several years as pastor in Kentucky and in Mississippi. He was educated at Mississippi College and Southern Baptist Seminary of Louisville, Ky.

For a little over two years he has been superintendent of the Palm Lake Baptist Association Sunday School. During this time the organization has been completely organized with a full group of officers, increased from one meeting a year to one meeting each month. Last year the association was one of four in the state to be 100 percent in Training in each church and Vacation Bible Schools in each church. This record will be repeated this year with the addition record of being 100 percent in all churches cooperating with the Southern Baptist program of reaching a "Million More in '54".

Mr. Smyly said in his letter of resignation, "We could live here with you dear people the rest of our lives and be perfectly happy. You have been so good to us in so many ways. These years have been happy ones indeed for us. But the Lord is calling us to new duties and responsibilities. And when our Master calls, we must go."

Sunday April 26 will be his last Sunday as Pastor here.

## Commerce Group Has Annual Drive

The Pahokee Chamber of Commerce got its annual membership drive under way Tuesday at 8 a. m. at a kick-off breakfast in the Woman's Club building, with Leonard Dobrow, drive chairman, presiding and Joe Alderman, in charge of breakfast arrangements.

This year's goal in the four-day drive ending Friday evening has been set at 350 new and renewed memberships, with \$3,000 or more in membership fees.

Approximately 40 volunteer workers are participating in the drive and a prize will be awarded to the worker signing up the most memberships. The huge thermometer erected in the center of the city will mark the progress of the drive.

Three divisions, residential, business and packing houses, were set for the drive and each worker before leaving the breakfast for his assignment was presented with a red carnation by the Pahokee Flower Shop.

The Game and Fresh Water Fish Commission has reduced its operating personnel approximately 8 per cent since Feb. 1, with an estimated saving of \$7,500 in salaries and expenses, according to director Ben L. McLaughlin.

## Leonard C. Brown In New Service Affair

Leonard C. Brown, III, was named Veterans Service officer for the Everglades section of Palm Beach County at a recent meeting of the veterans committee. Mr. Brown is English teacher in Pahokee high school and will take over full time duties with the bureau on June 1. He succeeds Guy D. (Sonny) Bender, Jr., who has held the position in an efficient manner for the past two years. Mr. Bender leaves this week end for a return to service with the air force.

Between now and June 1, Mr. Brown will work part time in the bureau office. After June 1 he will spend Tuesday, Thursday and Saturday in the Pahokee office and Monday, Wednesday and Friday in the Belle Glade office.

## Cattle Deal In Everglades Isn't As Bright As It Has Been Painted

(Editorial)

The cattle deal in the Everglades section of Palm Beach County is in a transitional stage. What the future holds is hard to tell as far as this new industry is concerned on the eastern shore of Lake Okechobee. The honeymoon is over. Now comes the down-to-brass-tacks manner and way of raising cattle on a long range plan at a slow and small margin of profit.

Glades calls for something more than just planting it. They are finding that good pastures call for constant attention and intermittent application of minerals. They are finding also that water control is highly necessary to production of good grasses. Frosts bring their share of grey hairs to those who try to keep green pastures in the winter months. In other words more cows can graze to the acre in the Everglades than in the piney woods, but, it is highly probable there are more headaches to the acre on muck than elsewhere.

The get-rich-quick days of the Glades cattle industry are over. Now, men with money will settle down to an earnest effort to find out if cows can be produced profitably in this section of the county. The pin-hooker doesn't have a chance in the Glades cattle deal from here on out. The small time operator—who in the past couple of three years—bought a handful of cows and turned them out on rented pasture and sold them for a profit a few months later—is fast finding his place along with the doggy bird. A more stable industry will be the result or the entire idea of raising cows in the Everglades will be abandoned.

Here is a story told by a small operator this week: A year ago he bought a few cows for \$1400. He kept them 12 months less nine days and sold them on Monday of this week for \$989. He paid \$125 interest on the borrowed money, making a total cash outlay of \$1525. A bit of calculation shows that he lost in actual cash \$536 not to mention his time, pasture, minerals, fences, various and sundry other items of expense attached to keeping the cows for a year. He remarked that he was lucky though, because he had 20 acres of early sweet corn that brought him profit enough to pay off his loss on cattle.

## C Of C Directors In Monthly Meeting

The board of directors of the Pahokee Chamber of Commerce at a meeting in the chamber office with County Commissioner Paul Rardin discussed the need of paving the approaches to the municipal pier and what steps should be taken to get this job done.

President Ralph O. Johnson named John Elbon, chairman of the waterfront improvement committee, to represent the chamber at the budget meeting of the Port of Palm Beach Authority on June 15 when the PBA is expected to set up budget funds for the construction of a breakwater to protect the Pahokee pier.

A resolution was passed recommending that the appropriations for the Florida State Advertising Commission be increased, copies of the resolution to be sent to the governor, the appropriations committee of the 1953 State Legislature and other interested groups.

Manning I. Keen, president of the US 441 Highway Association, announced a meeting of the association will be held in Pahokee Saturday, April 11, and the chamber voted \$50 to go into the fund to be used for entertaining association members during their visit to the Glades area.

Joseph Kahn reported that a study of the solicitation control program now sponsored by the chamber has been completed and a continuation of the present program is recommended.

The need of red dirt warning lights at the Florida East Coast crossing on Canal Point Road and a speed limit zone at the Everglades Negro labor supply camp on US 441 south of Pahokee, which has been the scene of several car and pedestrian accidents, were among the subjects discussed at the meeting.

## Morrow Is Head Of Drainage Committee

Sen. Russell O. Morrow, Lake Worth, has been named chairman of the Senate Drainage and Water Conservation Committee, it was announced at Tallahassee Wednesday by Senate President Charley Johns. Sen. Morrow has also been assigned as vice chairman of the Judiciary "B" Committee.

Other committees on which Sen. Morrow will serve as a member include Agriculture, Aviation and Radio, Constitutional Amendments, Pensions and Claims, Public Health, Publicity and Advertising, Rules and Calendar and Veterans Affairs.

## Charter Masons In Pahokee Honored

Charter members of the Everglades Lodge 211, F&AM, were honored at a meeting of the lodge in the Masonic Hall Tuesday night.

Charter members, introduced by Ellsworth Keen, marshal, and escorted to the East where they were presented with charter member pins by James W. Vann, included Robert J. Schroder, Claude Santee, George C. McLarty, Frank M. Wilson, John E. Cochran, Sr., and Louis C. Goolsby.

E. G. Kilpatrick of Sanford, also a charter member and the first worshipful master of the lodge, was unable to be present and fill his engagement as guest speaker. Talks were given by Mr. Goolsby and H. L. Speer. Each of the honored charter members also spoke briefly.

Elected on the lodge's board of governors at the meeting were Wade Ammons, Ellsworth Keen, P. E. Hall, O. H. Sheppard, and S. J. Baggett.

Refreshments were served at the conclusion of the meeting with Dave W. Young in charge of arrangements.

## Revival To Start Canal Point Apr. 12

The Canal Point Baptist Church has perfected plans for a revival April 12-19. Rev. Dewey Mann, Pastor of First Baptist Church, Perry, Florida is to do the preaching. The services each evening will be at 8:00 P. M. and each morning (beginning Tuesday) will be at 7:30 A. M.

Rev. Mann is an outstanding preacher of the gospel. He served with Florida Baptist Convention as evangelist for several years. He is the beloved pastor of the Baptists of Perry, Fla.

Rev. C. J. Smyly, pastor of the church issued the following invitation: "Make your plans to come and hear this man of God. We welcome you, one and all, to worship with us. Come and give God a chance to deepen your spiritual life. Come and receive a blessing in your heart. Come and get joy deep and refreshing in your soul. Come and worship with us."

Apply white shellac to the outside of salad bowls and they will retain their high finish.

## Rardin Takes Over Rebuilding State Farmers Mkt. Road

The one-half mile of Farmers Market road near Pahokee will be rebuilt out of secondary road funds, according to County Commissioner Paul Rardin, who has tried in vain for three years to have the road rebuilt by the state out of primary funds. Secondary funds in this instance come from the seventh cent of the gas tax and can be allotted in accordance with the wishes of the county commission, Rardin said.

Funds in the amount of \$30,000 have been in the 1951 and 1952 State Road Department budget but under the Warren administration nothing was done toward rebuilding the road. It is one of the main arterial highways of the Everglades and carries millions of packages of fresh produce on the way to northern markets.

A letter from State Highway Engineer Sam Turnbull in Tallahassee under date of April 3 said that no primary funds are available to build the road this year. Rardin, knowing the need for immediate reconstruction of this important piece of road, authorized County Engineer J. M. Boyd Monday to contact the State Road Department and start the wheels rolling in an effort to receive bids the latter part of April or the first of May. The idea is to have the road rebuilt before the start of another farming season, Rardin said.

## Funeral Services For Mrs. Horne, 76

Funeral services for Mrs. Maggie Horne, 76, were held at the Canal Point Baptist Church Thursday, April 9, at 2 p. m., with the Rev. C. J. Smyly, pastor, officiating.

Mrs. Horne died at a West Palm Beach hospital Tuesday morning following a long illness. A native of Georgia, she was born in McRae, Ga., on Dec. 16, 1876. For the past several years she had made her home with her son-in-law and daughter, Mr. and Mrs. Douglas Pope, in Canal Point where she was a member of the Missionary Baptist Church.

Survivors in addition to her daughter, Mrs. Pope, include a granddaughter, Miss Theresa Pope, also of Canal Point, and a sister, Mrs. Nannie Pittman, of Bogalusa, La.

Pallbearers were D. L. Hooks, A. W. Jones, Julian Branch, A. R. Harrington, Osceola Upthegrove and W. A. Adams.

Burial was at the Port Mayaca Cemetery. Berry's Funeral Home was in charge of arrangements.

Mutual grower members who have expressed an opinion on whether or not advertising taxes should be increased, particularly on grapefruit, are almost evenly divided, according to Mutual's manager, Robert W. Rutledge.

More garment workers wear glasses than any other type of worker, while farmers wear less, according to a survey by the American Optometric Association.

## Legislature Gets Off To Good Start

TALLAHASSEE — A Florida Legislature saddened by the death of one of its members a few hours before its opening ceremonies convened at flower-laden desks for its 1953 session Tuesday.

State Rep. D. C. Jones of Collier County, who would have been serving his second term in the house, died of a heart attack early Tuesday. The 63-year-old lawmaker was stricken in his hotel room and died a few minutes after being taken to a hospital.

Both house and senate convened at noon and spent a couple of hours going through the formalities of organizing for the 60-day session ahead. Legislators gathered again at 3 o'clock to hear Gov. Dan McCarry's recommendations for the session.

The Governor's message was read by Secretary of State R. A. Gray. McCarry, who is recovering from a heart attack, was advised by his physician not to deliver his address in person.

However, the Governor was cheerful as he greeted a committee of legislators sent to the executive mansion to observe the formality of advising him the 1953 session was under way. He said he now is able to be out of bed for about six hours a day and hopes to be back at his desk in a week or 10 days.

Bright sunlight poured through capitol windows as the lawmakers gathered, in marked contrast to a steady downpour which greeted early arrivals Monday.

Upper and lower houses went through the mechanics of electing Sen. Charley Johns, Starke, as senate president and Rep. Farris Bryant, Ocala, as speaker of the house. They had been selected for their positions at the close of the 1951 session and formally nominated at Democratic caucuses Monday night.

Republican house members, who had been unable to get permission to sit as members of the Democratic caucus, drew a laugh with a solemn announcement that they had held their own caucus and had decided to support Bryant for the speakership and Rep. Davis Atkinson of Leon County for speaker pro-tem.

Sen. George W. Leaird, Fort Lauderdale, was elected senate president pro-tem.

Oaths of office were administered to senators by Chief Justice B. K. Roberts of the state supreme court and to representatives by Justice H. L. Sebring. Wearing their black, flowing judicial robes for the ceremony, the justices called on the lawmakers to lay their hands on open Bibles as they swore to "well and faithfully perform" their duties.

The senate elected Robert W. Davis as its secretary and Leroy Adkins as sergeant-at-arms. Both men are from Tallahassee and have held the offices in previous sessions.

The house named Mrs. Lamar

Bledsoe, Tallahassee, as its chief clerk and Amos Davis of Gadsden County as sergeant-at-arms. They also are legislative veterans.

## Cinematic Chatter

By Malcolm Millar

Hello everybody! This week we congratulate Lewis Stone, seventy one years YOUNG, who is embarking on his second half-century as an actor. It is characteristic of the man that his enthusiasm for the job at hand is greater today than it was when he first stepped behind footlights back in 1900. In the intervening years he never once missed or has been tardy for a call to rehearsal or actual performance. Few other actors can make this statement. The white-haired veteran of stage, screen, the Spanish-American War and World War I can be located almost any weekend on his small, rolling farm in the Santa Monica mountains. Stone likely will be found driving his tractor, bucking hay or cultivating a new crop with an agility that denies his years. When working at the studio he lives in his unpretentious Hollywood home, but as soon as a role is completed he returns to the farm. He claims that he relies upon it to keep him in trim. Stone reminisces would compile easily into a veritable history of Hollywood. He has watched it and all Southern California around it grow up. He has seen stars come and go singing haberdashery harmony with John Gilbert, Lew Cody and Lionel Barrymore in front of their first dressing rooms; watching Will Rogers rope the goats he kept on the backlot; conjecturing about what new makeup magic Lon Chaney was concocting behind the locked doors of his room; five pictures with Garbo; the challenge of sound pictures—all are in his memories. He makes no effort

to hide his sentimental feelings for them. Stone, of course, has a tender spot in his heart for Judge Hardy. In discussing this characterization, for which he apparently is best remembered, he confesses that he was on the verge of retiring when offered the role in "You're Only Young Once." Fore-runner of the "fourteen picture Series." "That picture opened a whole new career for me," says Stone, "one from which I couldn't have withdrawn if I had wanted to." See you at the movies—Mal.

Hialeah's 1953 Widener Day of nine races produced a record one-day purse distribution. The track gave away \$134,000 including \$100,000 for the Widener.

Dr. Harry M. Nelson, Detroit physician and president of the American Cancer Society, personally presented an award of \$11,550 to Dr. Francis E. Ray, director of the University of Florida's Research Laboratory on the occasion of his visit last week.

If 36,500 small business men in Florida don't want a new 3 percent payroll tax added to their cost of doing business, they'd better contact their state legislators at once, says the Florida State Retailers Association in a warning just issued.

# This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST  
10 EXTRA YEARS**

**A**LL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

## 3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K  
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

**SERIES H.** A new current income bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semi-annually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

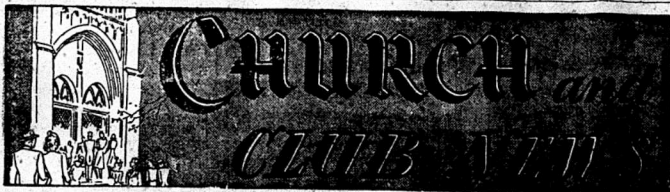

**SERIES J.** A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semi-annually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

**SERIES K.** A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semi-annually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

**NOW EVEN BETTER!  
INVEST MORE IN DEFENSE BONDS!**

The challenging question, "ARE SIN, DISEASE, AND DEATH REAL?" is the subject of the Lesson-Sermon to be read in all Churches of Christ, Scientist next Sunday.

One of the passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy bearing directly on this question is: "All reality is in God and His creation, harmonious and eternal. . . . Therefore the only reality of sin, sickness, or death is the awful fact that unrealities seem real to human, erring belief, until God strips off their disguise" (p. 472).

Among correlative selections from the Bible is the following from Habakkuk (1:12): "Art thou not from everlasting, O Lord my God, mine Holy One? we shall not die. O Lord, thou hast ordained them for judgement; and, O mighty God, thou hast established them for correction."

The Golden Text is from Proverbs (12:28): "In the way of righteousness is life; and in the pathway thereof there is no death."

## Chip Pulls a "Pip"

Chip Hanson is a clever commercial artist. Beside doing cartoons on our paper, he picks up "free lance" drawing jobs.

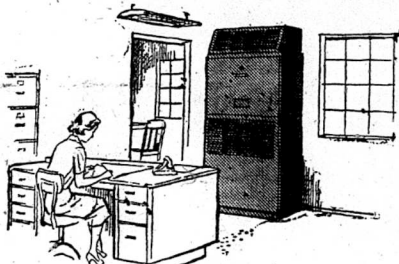

Right now he's whipping up posters for the Safety Campaign. They all have headlines like "PLAY IT SAFE! ... or, 'A LIVE WIRE CAN START A FIRE!'"

Chip looked a bit sheepish yesterday. Didn't want to tell me why. Finally he blurted out, "I feel like a dope. Here I am on this safety program and the fire inspectors tell me my own studio's a fire trap. I've been storing paint there for years ..."
